Unearthed Event

We are pleased to host Unearthed: An evening of new electronic music and sound art curated by Yorkshire Sound Women Network as part of our conference event from 7pm on Thursday 4th June in Richard Steinitz Building.

Unearthed features Yorkshire-based artists who were selected through an open callout by Yorkshire Sound Women Network (YSWN) to create new electronic work for performance or installation. From the intimate to the expansive, each piece here invites us to perceive and reflect upon our world at a heightened level.

Tickets for Unearthed are free but must be acquired separately via the link on our website. Your conference ticket does not provide access to Unearthed.
